PRICE INCREASE NOTICE

We herewith wish to inform you of our upcoming **price increase effective 11 NOVEMBER 2022.**

Neogenesis has not increased any of its prices since 2019, as an attempt to absorb ever increasing costs and support our **greatest assets** - Our outlets and practitioners.

We have your best interest at heart, and we always try to absorb as much of the price increases as possible and at the same time making sure we continually produce products of the utmost quality, potency and efficacy.

It is, unfortunately, unsustainable and a price increase is unavoidable.

Due to a multitude of factors including SAHPRA compliance costs, ever-weakening Rand value, supply chain disruption, raw material price increases, high demand, shipping increases, electricity and production costs and inflationary pressures, Neogenesis has regrettably been forced to increase the prices of our products for the first time in nearly 4 years.

All product prices will be increased with 10%, effective 11 November 2022.

We trust that you understand, we shall work towards solutions to curb further increases and to supply the best value for your money to you and our consumers.

All orders received after 23:59 on 11 November 2022 will be subject to the price increase without exception.

IMPORTANT: Order as soon as possible to avoid out-of-stock items at the current prices.

We suggest utilizing our 10+1 special for capsules and our 5+1 special for tinctures to mitigate price increases.

New updated ORDER forms and Price lists valid from 11 November 2022 will be available from 1 November 2022 from our administrative office:

Email : office@neogenhealth.com Or feel free to order on our wholesale portal.

Please do not hesitate to contact us if you have any questions:

Tel: +27 69 508 5973
e-mail: office@neogenhealth.com

We value and appreciate your support and look forward to continually providing you quality and effective products that you and your patients can rely on.

Regards
Rory Jean-Jacques, Managing Director
